

THE CONTACTOR YOU REMEMBER, ONLY BETTER.

- ✓ Universal metal mounting plate allows for complete ease of replacement
- ✓ Long electrical life tested to 250,000 cycles
- ✓ Reliable mechanical life tested to 1,000,000 cycles
- ✓ EE magnet assembly assures optimal performance without sacrificing power consumption
- ✓ Performance unaffected by position mounting
- ✓ Flexible termination options suitable for various applications
- ✓ Dust-free internal construction
- ✓ OEM approved & meets the ARI 780/790 standard

Maximum dependability in a
“one for one” replacement
for the Furnas DP contactor
and many more.
